

Map Legend Cheat Sheet

1. Legend Position for Maps

The Map Legend placement is set in the Set Map Viewer Options icon, by “mm from page left” and “mm from top of page”. See some “cheat” legend positions below and tweak as required for your map and requirements.

1. Click Set Map Viewer Options icon
2. Expand Map Legend Printing
3. Adjust page left and top of page figures as required
4. Click Apply
5. Click OK

1.1 Portrait Legends (approximate positions)

Required Position	Mm from Page Left	Mm from Top of page
